

Locate a Video ID

Before embedding a video to a Multimedia Rotator, you'll need to locate the video's ID. The supported third-party video providers are YouTube, Vimeo, SchoolTube and TeacherTube.

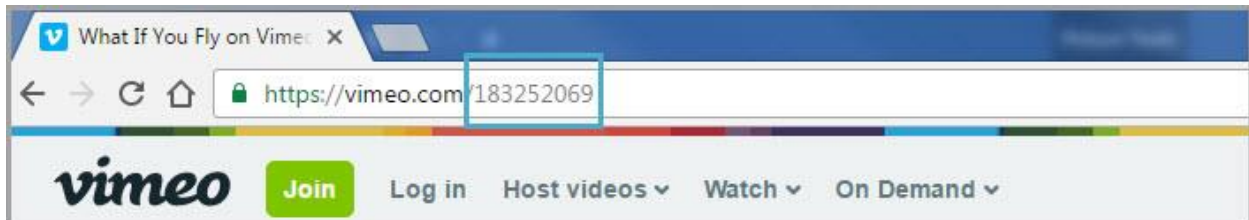

Locate a YouTube Video ID

The Video ID for a YouTube video is located after *watch?v=* within the URL.

Locate a Vimeo Video ID

The Video ID for a Vimeo video is located at the end of the URL.

Locate a TeacherTube Video ID

The Video ID for a TeacherTube video is located at the end of the URL.

Locate a SchoolTube Video ID

The Video ID for a SchoolTube video is located after *video/* within the URL.
