

# Web Community Manager 2.15 Release Notes

## New or Changed Functionality or User Experience

### GENERAL

#### App Icons

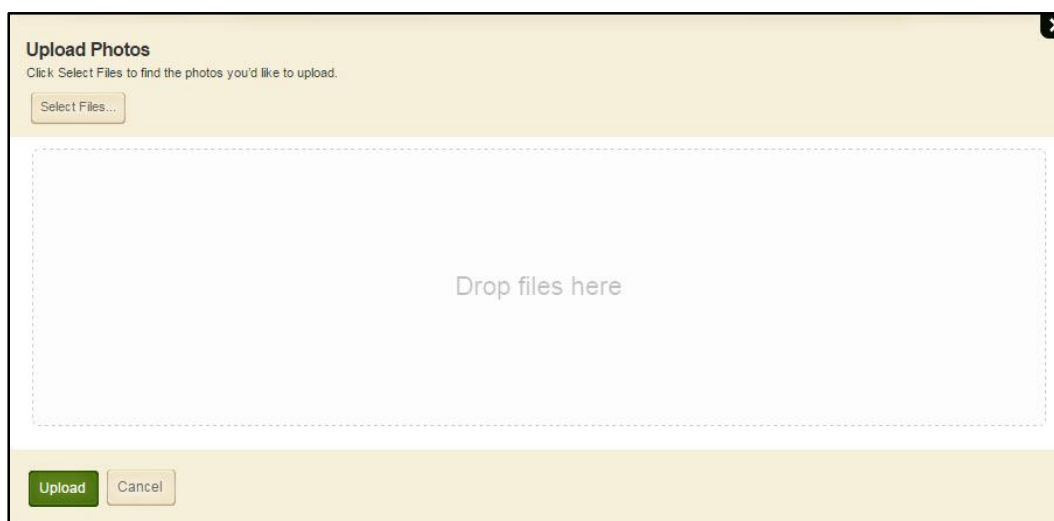

App Icons in Site Manager have a new look.

### WORKSPACES

#### New File Uploader

You'll find a new file uploader when adding files to Files & Folders, adding Calendar Event Attachments and uploading photos to a Photo Gallery. You can browse to find and select your files or just drag and drop them to the Upload window.

# Web Community Manager 2.15 Release Notes

Here are guidelines for uploading files.

<b>Location</b>	<b>File Types</b>	<b>Total Files</b>	<b>Maximum File Size</b>	<b>Total Maximum Size</b>
Calendar Event Attachments	All except .EXE	10	100 MB	1 GB
Files & Folders	All except .EXE	100	1 GB	10 GB
Photo Gallery	.JPG, .JPEG, .GIF, .PNG	50	20 MB	800 MB

## Page Editing in Section Workspaces

Regardless of the number of apps that you may have on a page, when you click the page name the page opens in Edit Mode. Click an app to edit it.

## Photo Gallery App

You have two options for the Photo Gallery Type, *Simple* which is recommended and *Advanced*. The Advanced Option renders JavaScript Object Notation (JSON) which requires additional coding.

## Additional PassKeys

An additional PassKey is available in the PassKey Library, *Blackboard Learn*.

## Table App

Copy to clipboard function has been added.

## TinyMCE Editor Update

The TinyMCE editor has been updated for all associated apps as well as Forms & Surveys.

## END USER

### MyAccount—PassKeys

You can set up *No Authentication* PassKeys in MyAccount Settings on the End-User Website.

### MyAccount—Third-Party Alerts

Amber and Severe Weather Alert options have been removed in compliance with the Telephone Consumer Protection Act (TCPA). To learn more about this Ruling, visit us at <http://help.schoolwires.com/tcpa>.

## Calendar App

Copy to clipboard function has been added for ICAL.

## Technical Requirements

---

Here are the [Web Community Manger End-User Technical Requirements](#).

The [Schoolwires Privacy Policy](#) updated to reflect the Blackboard brand.

Google Chrome and MS Edge do not support Netscape Plugin Application Programming Interface (NAAPI) plug-ins. This affects file types in Podcasts and Rich Media Objects that use the QuickTime player. We'll address these in future releases.

## Refresh Your Cache

---

It's always a good practice to clear your browser cache on a regular basis. [Refresh your Cache](#) shows you how to clear your cache in any browser.

## Resources and Materials on Share Community & Support

---

As always, you can find resources and materials related to this release as well as to the many features and functions on the [Share Community & Support](#) website. From [Appetizers](#) to [UserVoice](#), we've got what you need to succeed with your Schoolwires website.
